4. ADVANTAGES & DISADVANTAGES

Advantages :   Spreadsheets don't make complexity easy

Spreadsheets are not user-friendly when it comes to complex data. Working with finances in spreadsheets requires a lot of skill with numbers, and it's time-consuming because spreadsheets have little or no automation built into them.

Zoho Books is an easy-to-use accounting app

Zoho Books is easy to use and doesn't require you to have any previous experience with programming or mathematical calculations. It displays all of your financial information in a simple format and offers automation features to save you plenty of time

Disadvantages:

However, some users may find the self-service data preparation feature to be less useful and the platform as a whole can be complex and difficult to navigate for beginners. Overall, Zoho Analytics is a powerful tool for businesses looking to gain insights into their data and performance.

5. APPLICATIONS

These cloud based software called ZOHO books will help in the field of accounting, and help the entrepreneur to maintain the books properly.

6. CONCLUSION

As this ZOHO books helps in maintaining the books of accounts of the company properly, adopting this skill will help the entrepreneur to lead the successful business.
